April 22, 2022

Dear PERS Recipient,

As you may be aware, there was a deduction from your benefit check on March 28, 2022 and April 26, 2022 from the Public Employees' Benefits Program (PEBP). You were identified as a recipient that may have had a double deduction for dental plan coverage in March and April. In March, when the double deduction first occurred, members were informed from PEBP that there would not be a deduction from their April retirement check; however, PERS was unable to stop the deduction prior to our deadline. PERS and PEBP are collaborating to take the necessary steps to correct this by stopping the deduction for the May and June 2022 benefit payments.

Please be advised that the Public Employees' Benefits Program (PEBP) is unable to process direct refunds, and the credit, if applicable, must be taken through your benefit payment. For any questions regarding your policy amount or coverage for this insurance, please contact PEBP at (775) 684-7000.

Sincerely,

Public Employees' Retirement System of Nevada
